Policy Solutions:

Lifting the Neglected Heavy Burden:

- **Raise awareness** of 'red flags' to drive earlier diagnosis.
- **Screen** high-risk populations and accelerate referral times.
- **Promote the use of harmonised guidelines.**
- Referral to **High-volume expert centres.**
- Create and expand existing **population-based cancer registries.**
- Foster **European collaboration in the area of treatment and care.**
- **Increase levels of research and funding** for neglected digestive cancers such as pancreatic and gastric cancers.
