

Contributions 2022

Digestive Cancers Europe (DiCE) is open to funding from any public or private organisation, charity, foundation or individuals that share DiCE's mission and vision. All contributions comply with the legal requirements and ethical codes applicable. Please go to our Funding Guidelines for further details.

Grants are contributions to the organisation without specific requirements for project allocation.

Sponsorships are contributions for specific projects contractually agreed upon.

Educational grants are awarded through the process of competitive bids for a specific project proposal.

The '**services and consultancy**' category includes remunerated time invested by staff of Digestive Cancers Europe and/or patients and carers to offer tailor-made services to public organisations and/or companies, such as participating in advisory boards, speaking at conferences, acting as the sounding board for the development of educational materials, etc.

The following overview specifies the funding received from our partners in 2022.
